

DEPARTMENT OF SPORT, EXERCISE AND HEALTH, UNIVERSITY OF BASEL

# CEREPS CONFERENCE BASEL 2023

ENHANCEMENT OF SPORTS, PHYSICAL ACTIVITY AND HEALTH IN  
EDUCATIONAL SETTINGS :

- WHERE ARE WE NOW? WHERE DO WE WANT TO GO? HOW CAN WE WORK TOGETHER?
- AND HOW CAN WE CONTRIBUTE TO UNESCO'S FIT FOR LIFE ALLIANCE?

The conference will begin on Thursday (October 12, 2023) 5 pm and end on Sunday (October 15) in the morning with the departure of the participants.

# 12-15 OCTOBER 2023

Universität  
Basel

CEREPS

DSBG

## What is the Conference about?

On a European and global level, various organizations deal with the topic of 'promoting sports, physical activity and health for children and young people'.

Numerous projects and initiatives are launched to positively influence the sports and exercise behavior of the younger generation. It is striking that these organizations rarely maintain an exchange and communicate with each other or even cooperate.

In addition, UNESCO launched the 'Fit for Life Alliance' in July 2023 on the occasion of the MINEPS VII conference in Baku. The conference in Basel should therefore pursue the question of what contribution the individual organizations and projects can make to this initiative.

## When will the Conference happen?

The conference will begin on Thursday (October 12, 2023) 5 pm and end on Sunday (October 15) in the morning with the departure of the participants.

## Where will the Conference take Place?

The conference will take place in the newly constructed building of the University of Basel's Department of Sport, Exercise and Health (DSBG).

## Who will present?

Leading organizations whose work deals with the topic of the conference will present their concepts and implementation strategies and discuss networking opportunities with the attendees.

## Can the Conference Participants also present?

Yes, there is an opportunity for 15-20 minute presentations. However, they should refer to the topic of the conference.

## When is the Deadline for Abstract Submission?

Abstract submission is closed. Questions about the conference can be sent to Ivan Müller ([ivan.mueller@unibas.ch](mailto:ivan.mueller@unibas.ch)).
